

ENVIRONMENTAL COMMITMENT

Neopost launched eco signature to identify the most efficient and environmental friendly solutions. The signature reflects our aim to inform customers of the environmental progress we have made in the last years.

With the DS-35, we have achieved a great improvement on environmental impact.

DS-35 is compliant to environmental regulations (Energy related Product - stand by and off mode , REACH, ROHS, and WEEE).

ENERGY : A working year on DS-35 consumes 7 times less energy due to automatic sleep mode and auto-off (0,3W) *

PACKAGING : A ratio packaging/volume of device optimized** to decrease carbon footprint during transport.

RECYCLABILITY : the recovery rate is above 80%

* Compared with our previous model SI30 • ** 1.64

DS-35

THE SOLUTION THAT COMBINES COMFORT AND EFFICIENCY

Imagine if you no longer had to prepare your mail by hand? The Neopost DS-35 deals with the job for you, enabling you to perform other tasks. With its compact size and fold-away catch tray, this solution fits any office environment.

The DS-35 can be installed on a desk so it is near-at-hand. Its control touch screen makes the DS-35 very convenient and easy to use.

EASY TO USE – NO SPECIAL SKILLS REQUIRED

VERSATILE – VARIOUS TYPES OF ENVELOPES

FULLY ACCESSIBLE – MODERN DESIGN

COMPACT – FITS ON ANY DESK

FULLY AUTOMATED FOR AN OPTIMAL MAIL FLOW

Perhaps you already have a Neopost franking system? The DS-35 can be connected to your mailing system to automate your entire mail flow.

A PERFECT COMBINATION OF CONVENIENCE AND EASE-OF-USE

The DS-35 is fully controlled from its new user interface, a modern colour touch screen with only two buttons. No more need for skilled operators – anyone can use it. Just load your documents and envelopes, and let the software guide you through adjusting the settings. Its 15-job memory enables you to store the settings for all your regular mail runs, allowing instant recall.

THE IDEAL ASSISTANT IN ANY OFFICE ENVIRONMENT

Combining ease-of-use and flexibility to save time and improve efficiency, the DS-35 is compact and silent enough to suit any office environment. The space taken up by this solution is optimised even further thanks to its fold-away catch tray.

A VERSATILE WORKSTATION TO FULFIL YOUR NEEDS

The DS-35 can handle a wide range of documents, envelopes and even inserts or business reply envelopes. You can choose between four fold types according to your requirements.

The automatic cascade feed function rules out down time thus optimising productivity. The manual feed function allows you to feed up to five sheets for each mailing project, stapled or not.

MAIL INTEGRITY AND ACCURACY GUARANTEED

Neopost's double document control prevents double feeding. Its insensitivity to coloured paper and dust ensures complete reliability. The system guarantees that you will always send the right document to the right recipient.

EXCELLENT ACCESSIBILITY KEEPS YOU UP AND RUNNING

With only one button to open the machine, there is quick and easy access to all parts of the folding area and paper path.
